

**I** The idea is bad  
and you must be punished.

**2** It's not a priority for me at this time. **3** I'd rather stick needles in my eyes. **4** Or your eyes.

**5** My schedule is up in the air right now.  
SEE IT WAFTING GENTLY DOWN THE CORRIDOR.

**6** I don't love it, which means I'm not the right person for it.

**8** I would prefer a night with Keanu Reeves, but that's just me.

**7** I would prefer another option.

**9** I love it, but I know in my gut I'm not the person to execute.

NEVERMIND.

**10** I would be the

absolute worst person

to execute, are you on crack?!

**11** Life is too short TO DO THINGS YOU don't LOVE.

**12** I no longer do things that make me want to kill myself.

**13** You should do this yourself, you would be awesome sauce.

**14** My ladyballs are not that big.

**15** I would love to say yes to everything, but

**16** Fuck no.

that would be stupid.

**17** I am disturbed by your excessive use of smiley faces. :)

**18** Some things have come up that need my attention.

**19** My instincts tell me I'm just not suitable for this.

**20** There is a person who totally kicks ass at this.

**21** It would cause the slow withering death of my soul.

I AM NOT THAT PERSON.

**22** We should rethink this.

**23** We should have the wild monkey sex. I DIDN'T MEAN TO SAY THAT OUT LOUD.

**24**

Shoot me now.

**25** I didn't mean literally shoot me, you moron.
